MID OCEAN BRANDS B.V.

UNIT 711-716, 7/F, TOWER A, 83 KING LAM STREET, CHEUNG SHA WAN, KOWLOON,
HONG KONG

The following samples were submitted and identified by/on behalf of the client as:

AROMA BURNER SET

Case No. : CA326203104189
Style / Item No. : MO3113
Supplier : 112213
Country of Origin : CHINA
Product Destination : EUROPE
Sample Receiving Date : MAY 08, 2026
Testing Period : MAY 08, 2026 TO MAY 18, 2026

Test Requested	Conclusion
EN 17885:2023+A1:2025 Candle Accessories - Specification for fire safety and product safety labels	PASS

***** FOR FURTHER DETAILS, PLEASE REFER TO THE FOLLOWING PAGE(S) *****

Signed for and on behalf of
SGS Hong Kong Ltd.

Test Results:
EN 17885:2023+A1:2025 Candle Accessories - Specification for fire safety and product safety labels

Nos. of Specimen : Each 3 pcs. of holder for testing.
 Test Condition : Temperature 20°C - 30°C, R.H. 20% - 70%
 Test method : EN 17885:2023+A1:2025
 Test Result : Details as below:

Test Item	Result
Clause 4 Safety Requirements:	
<u>Clause 4.1 Flammability</u> When tested in accordance with 9.1: - The accessory shall have a burn time less than or equal to an average of 30 s for three tests per component and the burn time for any one test shall not exceed 60 s. - During any test, flames shall not spread over the entire accessory. - Birthday cake candle holders that can hold only one candle and do not contain pyrotechnics are exempted from this requirement.	<u>PASS</u>
<u>Clause 4.2 Stability</u> When tested in accordance with 9.2: The accessory and the used candle(s) shall not tip over when placed at a minimum 10.0° (+/-0.2°) incline from horizontal when tested with the candle specified in 9.3.	<u>PASS</u>
<u>Clause 4.3 Fire safety</u> When tested in accordance with 9.3: - The candle shall exhibit no secondary ignition for more than 10 s. - The flame height of all candle types, except tea lights, shall not exceed 75 mm. - The flame height shall not exceed 30 mm for tea lights and - Candle containers shall not crack or break at any time throughout the burning test. - The candle accessory shall not break, crack or catch fire as a result of the test.	<u>PASS</u>

Test Item
Result
Clause 4.4 Surface temperature
Clause 4.4.1 General

The decision which surface temperature requirements apply to which parts shall be based on a risk assessment.

Clause 4.4.2 Parts intended to be touched

Any part of the candle accessory which the consumer is intended to touch as indicated by design or instructions when lifting, moving, opening or holding the product shall be below the temperature limit for 4 s specified in 4.4.5, Table 1 when tested according to 9.4.

Clause 4.4.3 Parts likely to be touched unintentionally

Any part of the candle accessory which the consumer is likely to touch unintentionally shall be below the temperature limit for 1 s specified in 4.4.5, Table 1 when tested according to 9.4.

Clause 4.4.4 Parts likely to come into contact with other materials

The supporting surface of the candle accessory which is likely to come into contact with other materials during reasonably foreseeable use, e.g. the base, hook or hanging system, shall not reach such a high temperature that it could pose a fire risk or cause deformation of materials on which it is supported or hung from.

During the test with a burning candle, the temperature of such surfaces shall not exceed 80 °C when tested according to 9.4.

If the objective is to avoid aesthetic damage to the contact materials, e.g. scorch marks, the manufacturer should aim for lower temperatures.

Clause 4.4.5 Temperature limits
Table 1 — Temperature limits

Surface material, smooth surface made of	Temperature limit; 1 s °C	Temperature limit; 4 s °C
Wood	114	95
Plastic	85	76
Ceramic, glass and stone	79	71
Metal uncoated	64	58
Metal lac. coated 50 µm	75	61
Metal lac. coated 100 µm	82	64
Metal lac. coated 150 µm	89	66
Metal coated with enamel (160 µm) / powder (60 µm)	69	60
Metal coated with powder (90 µm)	72	62
Metal coated with polyamide 11 or 12 (400 µm)	92	73

Apply the temperature limit of the material which has the most similar heat conductivity for materials which are not listed in Table 1.

NOTE: EN ISO 13732-1 is a reference document for additional information.

Test Item	Result
Clause 11 Product safety labels	
<u>Clause 11.1 General</u>	/
<u>Clause 11.2 Layout of the product safety label</u>	<u>PASS</u>
The product safety label for candle accessories consists of the following components:	
— general warning sign based upon W001 of EN ISO 7010;	
— supplementary safety information symbols or texts	
The supplementary safety information symbols or texts shall be placed in close proximity to the general warning sign below and/or to the right beside the general warning sign. Borders are optional.	
All components of the product safety label shall be in distinct contrast from its background. For candle accessory labels made with one-colour printing, the background colour of the general warning sign does not need to be yellow.	
<u>Clause 11.3 Layout of supplementary safety information</u>	<u>PASS</u>
If safety information texts are chosen rather than safety information symbols, then they or their practical equivalents shall be given in their own national language or languages of the country in which the candle accessories are marketed. Using the safety information texts and symbols presented in Annex A is recommended, as consistent reproduction and use will lead to a progressively improved degree of consumer comprehension at the international level. However, some degree of modification can be necessary to consider cultural differences or special candle accessory types, provided the original meaning is retained and comprehension of the safety information is maintained.	
The minimum height of the safety symbols is 5 mm provided that the content of the safety message is legible due to the quality of the print. However, larger size is encouraged.	
<u>Clause 11.4 Display of a product safety label</u>	<u>PASS</u>
The product safety label shall be visible and legible on the candle accessory itself or on its packaging. If this is not possible in a safe manner due to the design of the product or packaging, the product safety label may be placed in a separate brochure or pamphlet packed with the candle accessory.	
Remark :	
Ø37mm x height 12mm tealight candle provided by client was used for test.	
Flame height: 16-26mm.

Unless otherwise stated the results shown in this test report refer only to the sample(s) tested and such sample(s) are retained for 30 days only.

Remark:

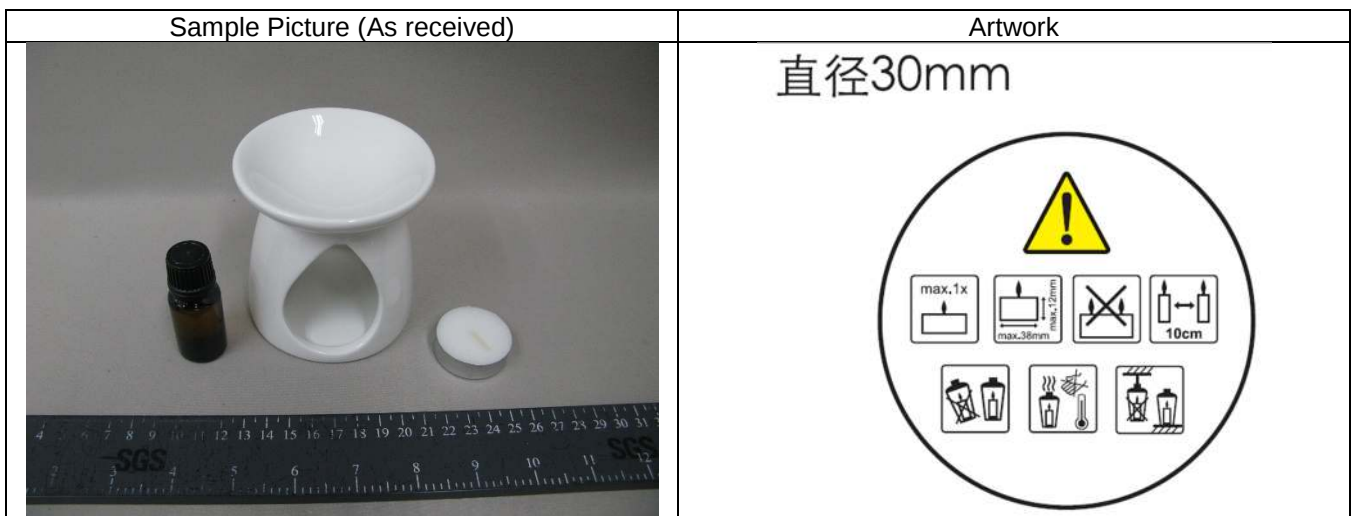

When statement of conformity is made, unless inherent in the requested specification, the decision rule would be based on the non-binary statement with guard band (is equal to the expanded measurement uncertainty with a 95% coverage probability, $w = U_{95}$) in ILAC-G8:09/2019 Clause 4.2.3.

“Pass - the measured value is within (or below / above) the acceptance limit, where the acceptance limit is below / above to the guard band.” or “Pass - The measured values were observed in tolerance at the points tested. The specific false accept risk is up to 2.5%.”

“Fail - the measured value is out of (or below / above) the tolerance limit added / subtracted to the guard band.” or “Fail - One or more measured values were observed out of tolerance at the points tested”. The specific false reject risk is up to 2.5%.

“Inconclusive – It is not possible to state the conformity. Either one or more measured values were observed in the portion of the expanded measurement uncertainty intervals at the points tested where the specific risk is up to 50%.”

USER MANUAL  Hereby, MOB, declares that item MO3113 is in Compliance with the essential requirements and other relevant conditions of Regulation (EU) 2023/988. The full text of the EU declaration of conformity is available at the following internet address: www.momanual.com. MOB, PO BOX 644, 6710 BP (NL).  PO: 41-XXXXX Made in China	MO3113 Aroma burner set  EN Country of origin: P.R. China Use instruction: Remove all packaging material from the candle before using. Always burn the candle in nonflammable or heat resistant receptacle in vertical position. Warning Don't leave burning candles unattended. Keep candles out of reach for children and pets. Keep at least 10cm (4") between two burning candles. Keep candles always from curtains, clothes and hair. Use a heat resistant candleholder. Trim wicks to 0,5cm (1/4") prior to each use. Normally don't burn candles more than 4 hours at a time. Don't put burning candles under shelves. Don't move candles when they are burning. Always extinguish candles with a snuffer or metal spoon. Always use containers that have been made for candles usage. Keep matches, wick trimmings and foreign objects out of the candle wax. How to use aroma burner set: 1. Add 10 drops of fragrance oil onto the top bowl of the burner. 2. Put the tealight candle steadily into the bottom holder of the burner. 3. Ignite the tealight candle with a lighter or a match. 4. The candle flame heats the upper bowl to release the fragrance slowly. 5. Always use a candle snuffer or metal spoon to cover the flame.
for safe extinguishing.  Warning: Use with max. 1 tea lights. Only use candles with max. 38mm diameter and max. 12mm height. Do not use multi-wick candles. Keep candles at least 10cm apart. Place accessory upright. Do not touch, might be hot. Not intended for hanging. DE Herkunftsland: P.R. China Bedienungsanleitung: Entfernen Sie das gesamte Verpackungsmaterial vor dem ersten Gebrauch. Brennen Sie die Kerze ausschließlich in nicht entflammaren und hitzebeständigen Behältern in vertikaler Position ab. Warnung Lassen Sie brennende Kerzen niemals unbeaufsichtigt. Stellen Sie Kerzen außerhalb der Reichweite von Kindern und Haustieren auf. Halten Sie zwischen zwei brennenden Kerzen einen Abstand von mindestens 10 cm (4"). Halten Sie Kerzen immer von Vorhängen, Kleidung und Haaren fern. Verwenden Sie einen hitzebeständigen Kerzenhalter.	Kürzen Sie die Dochte vor jedem Gebrauch bis auf 0,5 cm (1/4"). Brennen Sie die Kerzen nicht länger als 4 Stunden in Folge ab. Stellen Sie brennende Kerzen nicht unter Regalen ab. Bewegen Sie brennende Kerzen nicht. Löschen Sie Kerzen ausschließlich mit einem Löschhütchen oder einem Metalllöffel. Verwenden Sie als Halter ausschließlich Behälter, die zur Nutzung für Kerzen hergestellt wurden. Stellen Sie sicher, dass sich weder Streichhölzer, Dochtreste noch andere Fremdkörper im Kerzenwachs befinden. FR Pays d'origine: P.R. Chine Instructions d'utilisation: Retirez tout l'emballage de la bougie avant de l'utiliser. Toujours faire brûler la bougie dans un récipient non inflammable ou résistant à la chaleur en position verticale. Attention Ne laissez pas les bougies allumées sans surveillance. Gardez les bougies hors de portée des enfants et des animaux de compagnie. Laissez au moins 10 cm (4") entre deux bougies allumées. Éloignez toujours les bougies des rideaux, vêtements et cheveux. Utilisez un bougeoir résistant à la chaleur. Coupez les mèches à 0,5cm (1/4") avant chaque utilisation. Ne pas laisser une bougie allumée plus de 4 heures de suite. Ne mettez pas de bougie allumée sous une étagère. Ne déplacez pas les bougies lorsqu'elles brûlent. Toujours éteindre les bougies avec un éteignoir ou une cuillère en métal. Toujours utiliser des supports qui ont été fabriqués pour l'utilisation de bougies. Gardez les allumettes, les garnitures de mèche et les objets étrangers éloignés de la cire de bougie. Instrucciones de uso: retirar todo el material de embalaje de la vela antes de su uso. Siempre encender la vela en posición vertical en recipientes no inflamables o resistentes al calor. Advertencias: No dejar las velas encendidas sin supervisión. Mantener las velas fuera del alcance de los niños y mascotas. Mantener al menos 10 cms. (4") entre 2 velas encendidas. Siempre mantener las velas alejadas de cortinas, ropa y pelo. Utilice un candelabro resistente al calor. Cortar la mecha a 0,5 cms. (1/4") antes de cada uso. En condiciones normales, no hacer arder las velas más de 4 h. a la vez. No poner velas ardiendo bajo estanterías. No mover las velas cuando estén ardiendo. Siempre apagar las velas con un apagavelas o cuchara de metal. Siempre utilizar recipientes específicos que estén hechos para su uso. Mantener alejadas de la vela: cerillas, mechas y demás objetos extraños. IT <u>Paese d'Origine:</u> Repubblica Popolare Cinese Istruzioni d'uso: rimuovere tutto l'imballaggio prima dell'uso. Accendere la candela su supporti non infiammabili e resistenti al calore. <u>Mantenere</u> sempre in <u>posizione</u> verticale. Avvertenze Non lasciare la candela accesa e incustodita. Mantenere fuori dalla portata dei bambini e degli animali. Mantenere almeno 10cm (4") di distanza tra due candele accese. Tenere lontano da tende, vestiti e capelli. Utilizzare un portacandele resistente al calore. Tagliare lo stoppino a 0,5cm (1/4") prima di ogni utilizzo. Non bruciare candele per oltre 4 ore alla volta. Non lasciare candele accese sotto gli scaffali	Non spostare le candele quando sono accese. Spegnerne la candela utilizzando un tampone o un cucchiaino di metallo. Utilizzare sempre contenitori specifici per candele. Tenere gli oggetti estranei lontano dalla candela. NL Land van herkomst: P.R. China Gebruik instructies: Verwijder alle verpakkingsmateriaal van de kaars voor gebruik. Brand kaarsen altijd in een niet-brandbaar of hittebestendige houder in verticale positie. Waarschuwing: Laat brandende kaarsen niet onbeheerd achter. Houd kaarsen buiten bereik van kinderen en huisdieren. Houdt ten minste 10 cm (4 ") ruimte tussen twee brandende kaarsen. Houd kaarsen altijd van gordijnen, kleding en haren verwijderd. Gebruik een hittebestendige kandelaar. Knip lonten tot 0,5 cm (1/4 ") elke keer vóór gebruik. Normaal gesproken niet branden kaarsen meer dan 4 uur per keer. Plaats geen brandende kaarsen onder planken. Kaarsen niet bewegen of verplaatsen wanneer ze branden. Doof kaarsen met een daarvoor bestemde metalen kaarsen dover. Gebruik altijd houders die geschikt zijn voor het gebruik van kaarsen. Houd lucifers, lont, en vreemde voorwerpen uit het kaarsvet. PL Kraj pochodzenia: P.R. Chiny Przed użyciem przeczytaj instrukcję: Przed użyciem należy całkowicie odpakować świecę. Zawsze zapalaj świecę w pozycji pionowej, w odpornym na wysokie temperatury pojemniku. Ostrzeżenie
Nie pozostawiaj palących się świeczek bez nadzoru. Trzymaj świece poza zasięgiem dzieci i zwierząt domowych. Zachowaj odstęp co najmniej 10 cm (4 ") pomiędzy dwoma palącymi się świecami. Zawsze trzymaj świecę z dala od zasłon, ubrań i włosów. Użyj odpornego na ciepło stojaka na świeczkę. Przycinaj knot do 0,5 cm (1/4 ") przed każdym użyciem. Nie pal świec dłużej niż 4 godziny za jednym razem Nie umieszczaj palących się świec pod półkami. Nie ruszaj palącej się świecy. Zawsze gaś świeczki przy użyciu gaśnicy do świec. Zawsze używaj pojemników, przystosowanych do świec. Trzymaj zapalki i inne łatwopalne lub obce przedmioty z dala od wosku.
